FAMILY SKATING CENTER  
at the Newport Yachting Center

## *Learning to Skate in Newport is a breath of fresh air!*

Skating has never been so fun and easy! Our instructors are trained professionals who have amazing talents to teach on any level.

- The session runs for 6 weeks with a total of six 45-minute lessons. For your individual benefit each class size is limited to 35 students on the weekend and 15 students during the week.
- Private lessons can be arranged independently with your instructor.
- We encourage participants to purchase skates, as rental skates are limited.
- Dress according to weather!
- This is an outdoor rink and subject to changing weather conditions. The Newport Yachting Center will determine any rink closure due to weather. Call **401.846.3018** a half hour prior to the scheduled lesson time if weather is questionable.
- While safety equipment (helmet, pads, etc.) is not required, the ice is hard and falls can cause injuries. **Participants are solely responsible for their own protection against falls.**

### **Skating Session Schedule (starting in January)**

**Saturday Child Class (8:30-9:15AM or 9:30-10:30AM):** January 9, 16, 23, 30, February 6, 13
